SUMMARY

Passionate web-developer with a knack for combining technical know-how and creative elements to design user-friendly applications. Highly motivated and solution-driven, excelling in collaborative work environments with the ambition to solve various problems efficiently. A firm believer that education should never stop, and knowledge should continuously expand by keeping abreast of the evolving trends, techniques, and technologies to streamline efficiency. Earned a Certificate of Completion in Full-Stack Web Development at the University of Denver with skills necessary to create, design and bring concepts to life.

TECHNICAL SKILLS

Languages: CSS, HTML, JavaScript, MongoDB, SQL
Technologies: Bootstrap, Express, Handlebars, JQuery, Node JS, React JS, VS Code

PROJECTS

MuziqueHub | **Github:** https://github.com/TreezCode/MuziqueHub | **Demo:** https://project-3-music-app.herokuapp.com

- Search for musicians to receive relevant information on that artist. e.g. record label, biography, videos OR search for upcoming concerts information for that artist.
- Handled API requests, user authentication, and database management.
- MERN stack application with Passport JS Authentication.

Robogotchi | **Github:** https://github.com/TreezCode/Robogotchi | **Demo:** https://trilogy-project-2.herokuapp.com

- Browser based game where user creates a cyber-pet and must maintain its health over time.
- Passport authenticated express application, utilizing MySQL for storing user data and Handlebars for rendering view to client.

EXPERIENCE

Lead Sales Associate   2016 - 2017
The Shelter: Strainwise   Denver, CO
